Not infrequent complaints are received from our subscribers of their failure to receive their copies of "SUN AND SHADE." The publishers keep a careful record of the date of mailing of each individual number, and the Post Office where mailed. With this their responsibility properly and legally terminates. With every anxiety to satisfy their subscribers, the increased and the increasing subscription list renders it impossible for them to replace numbers so lost. The Publishers will use their best endeavors to trace every number lost, but to do so it will assist them if the *date* of their subscription is forwarded with their complaint.

ART FOR ALL

A MONTHLY BUDGET OF DESIGNS FOR USE IN DECORATION ARCHITECTURE & THE INDUSTRIAL ARTS

PROSPECTUS OF VOLUME II.

Beginning with the number for October, 1889 (Volume II, No. 1), under the title of **ART FOR ALL**, REGULAR EDITION, the monthly issues will contain 16 lithographic pages of miscellaneous designs, at 20 cents per number, or $2.00 per year in advance. Under the title of **ART FOR ALL**, GELATINE EDITION, the monthly issue will contain, besides the above lithographic matter, four fine gelatine plates, from photographs. This edition corresponds in quantity and quality of matter to the regular issue of the past year, and the subscription is put at the same price—$5.00 per year, in advance. The plan of issuing the cheaper edition was decided upon with a view to accommodate numerous subscribers whose special branches do not embrace the kind of work for which the more expensive gelatine process of printing has been found the most appropriate.

The GELATINE EDITION will not be supplied by the single number as heretofore, but to yearly subscribers *only*. The Regular Edition may be had by the year or the monthly number, at option, either of the Publisher, or of the book and news trades.

VOLUME I.

Volume I (12 numbers), complete, now ready. Price, $5.00. Cloth Portfolio separate, $1.

This volume contains in all 240 plates of miscellaneous design, including 48 very handsome gelatine plates from photographs, chiefly of carving and sculpture. A series of *Romanesque Carving Details*, so much in vogue at present, is a leading feature of the publication from the beginning. In addition to these, there are fine examples of ancient and modern Italian Carving, ancient and modern Furniture, Drapery, Upholstery, Seat Work, Ceiling and Border Decoration, Panels, Glass and Metal Work, etc., etc. Those who wish to secure this series from the beginning, should send in their orders early. This is the only form in which the first volume was issued.
